“ The World Is For Us:”

Beautiful gift to the mankind
Multipurpose lies in it's behind
Some to revive some survive
Detached but heartily He likes

Luxury and adversity side by side
Incessant motion of day and night
Sun constant moon revolves aside
Myriads of stars with azure sky.

Seven colours in eye-catching rainbow
Six sisters seasons one after other
Born on the Earth equally show
Pity and joy for no higher nor lower.

The world with natural scenic beauty
Serene, tranquil, solitary nobility
Impels lovers to indulge in creativity
To search for peace eternal divinity.

The world full of barren and fertile land
Up and down, smooth and rough road
Flowers with fragrance still some thorns
All these are horns to people pretty warn

Each moment here highly valuable
Each particle of creation purposeful
Your wrongs are right for someone
Someone's rights are wrong for you.

The way you take this world bad or good
Similar is the way it undoubtedly moulds
If you love the world go not astray
The world will never and never betray.

Be sanguine the world is for us
Be positive the world is with us.
