**Someone like you**

Dr Neha Jain

'do you think there is the possibility of "you" and "I"?'  
In this lifetime, is that too much to hope on?  
There is something so delicate about this hope so fragile.  
and if nothing such knows of it, atleast I have known the feeling -  
" this wonderful sense of optimism".  
it is something I can always keep close to me -  
to draw from " within my darkest hour"  
like a ray of unspent sunshine.  
No matters what happens next,  
I will always be glad to know that there is someone I have -  
" like you in the world ".  
Whether the "us" is possible or not,  
But the sense is precious forever.
